ICONIC FURNITURE SINCE 1983

MADE IN ITALY

In accordo con i trend che vedono nel legno l'espressione di una nuova dimensione del lusso per la casa e l'ufficio, in cui l'attenzione per l'ambiente sposa il design innovativo e d'avanguardia attraverso edizioni limitate e pezzi unici, nasce la straordinaria collaborazione tra la prestigiosa Nakkash Gallery di Dubai e GlocalDesign. Legno e acciaio s'incontrano come s'abbracciano nella realtà deserto e mare, sotto lo straordinario skyline della città di Dubai, dipingendo sul muro, tra luci e ombre, un paesaggio immaginario in cui riflettere il proprio futuro.

*The stimulating co-operation between renowned Nakkash Dubai Gallery and GlocalDesign arises from an outstanding combination of environmentally-friendly solutions and cutting-edge innovative design, creating limited editions and unique works in accordance with the latest trend that considers wood as the embodiment of true luxury in home and office furnishings. The wood-and-steel interplay parallels the embrace between the desert and the deep blue sea, against the astounding background of Dubai skyline, creating a dreamlike landscape with a game of light and shade which reflects a future dimension.*
